ABOUT THE UNIVERSITY

Jaipur National University, a venture of Seedling Group of Institutions, came into existence in the year 2007. Two professional institutes namely Seedling Academy of Design, Technology and Management (SADTM, estd. In 2002) and Seedling Institute for Integrated Learning and Advanced Studies (SIILAS, estd. In 2006) with several technical & professional programmes of studies, were merged with the university to form its major part. The university has more than 450 highly qualified enthusiastic faculties, many of whom have received national and international recognitions. Over the years, the university has successfully organized various national and international seminars. Recently JNU has been adjudged as best private university in Rajasthan by One Planet Research (Indo Italian Research Centre) and ranked among top 40 universities of India by India Today.

ABOUT PROGRAMMES IN COMPUTER SCIENCE & ENGG. / APPLICATIONS

The University is offering PhD in Computer Science / Engg., M.Tech , MCA, PGDCA, B.Tech and BCA programmes through its School of Computer and Systems Sciences and the Department of Computer Science & Engg. The Computer labs are equipped with excellent Infrastructure facilities with more than 1400 PCs. All the systems are networked with fiber optic backbone.

The Local Area Network consists of both the wired and wireless components and connects all computers in the university including the mobile devices. All computers in the institute have access to 1 Gbps internet connectivity through NKN. Most of the software required for scientific research and technical work has been procured by the institute, often with a campus wide license. A team of well qualified & experienced faculty members is the backbone. Research activities are carried out in various fields like Cloud Computing, Machine learning, Image processing, Pattern recognition, Data mining, Neural networks etc.

The Institute has collaborated with some of the world class companies like Infosys, Oracle and CDAC enabling wide varieties of long term benefits for the overall development of the student like soft-skills training workshops, industrial visits, technical competitions, live projects, guest lectures, sponsorship of technical events, expert advice on add on courses etc.

ABOUT THE CONFERENCE

The objective of this conference is to provide a platform to academicians, industry executives, researchers and students to present and discuss their views on the conference themes. It helps in promoting research and development activities. The conference is supported by the National Institute of Electronics & Information Technology (NIELIT, formerly DOEACC), SIG-Wireless Networks, CSI and the Institution of Engineers (India).

Call for Papers

Research scholars, students and academicians are invited to submit original, previously unpublished research papers. The paper should be in any of the following areas:

- Cloud Computing Architectures and Cloud Solution Design Patterns
- Storage, Data analytics and Cloud Computing, Cloud Migration Strategies
- Security, Privacy, and Compliance Management for Public, Private, and Hybrid Clouds
- Cloud Quality Management and Service Level Agreement (SLA)
- Cloud Configuration, Performance, and Capacity Management
- Cloud Resource Virtualization and Composition
- Cloud Programming Models and Paradigms
- Innovative Cloud Applications and Experiences

Theme 2: Big Data

- Big Data Models, Architectures and Algorithms
- Big Data Management
- Security Challenges in Big Data
- Big Data Search and Mining
- Big Data for Enterprise, Government and Society

Theme 3: Computing Techniques

- Information and Communication Networks
- Advanced Database Technologies
- Wireless Sensor Networks and Applications
- E-governance and Web Engineering
- Multimedia & Image Processing
- Artificial Neural Network
- Artificial Intelligence, Fuzzy Logic
- Software Engineering
- Data Warehousing & Mining
- Distributed Computing

Theme 4: Information Security

- Cryptography, System Security
- Web Applications & Security
- Mobile and Green computing
- Modeling & Simulation of Communication Systems
- Network Architecture & Protocol
- Optical Fiber/Microwave Communication Satellite Communication
- Speech Recognition/Image Processing
- Wired & Wireless Communication

Submission Guidelines:

All papers should be submitted in IEEE double column format only. Authors should mention the Theme and Sub-topic of their papers in the Subject line of email and submit the paper to the mail id: crtccbd2015@jnujaipur.ac.in latest by 15/1/2015.

NOTE: Selected papers will be published in the reputed Journal Queries related to the submission of paper can be discussed with Dr. V. S. Dhaka (Co-Convener of CRTCCBD). You can write to: crtccbd2015@jnujaipur.ac.in or dial to 0141-3063462, 09530183247.
